## EDUCATION

---

2022 -26 B.tech at **GLA University, Mathura**  
2021 CBSE XII Shree Ji Public School, Jattari(Aligarh)  
2019 CBSE X RV Public School, Jattari(Aligarh)

## WORK EXPERIENCE

---

**Software Engineer Intern at Biz Digital IT Private Limited,Gurugram** June - August 2024

.Understood core concepts of AWS such as EC2, S3, Lambda.

.Implemented unit tests for back-end services following a bottom-up approach to ensure modular and reliable code.

. Analyzed and understood Python codebase of a cloud-based user/project management system, focusing on modular design, database models, and API workflows.

## PROJECTS

---

### Multilingual Chat Application – Real-Time Auto Translating Chat

.Developed a real-time chat app that removes language barriers by automatically translating messages based on the default language of each user.

. Used React for building the user-friendly chat interface and Node.js for managing back-end communication.

. Integrated AI translation to detect the language of the message and convert it before delivering.

. Facilitated smooth cross-language conversations, making the chat experience seamless for users around the world.

### Real Estate Website

.Users can now refine property searches with dynamic filters. Filters include price range, location, and property type for a seamless experience.

.Designed and implemented the user interface for a seamless browsing experience.

## SKILLS

---

Languages:	Java, Python,HTML,CSS JavaScript
Courses:	Oriented Oriented Programming, Database Management System,Operating System,DSA
Technology/Frameworks:	ReactJs, NodeJs, MySQL, Git/Github, AWS
Skills:	Problem Solving, Analytical Skills, Communication, Teamwork

## ACHIEVEMENTS

---

Internship Completion certificate issued by Biz Digital IT Private Ltd.
